Características rollo LED:

- Rollo de 1 ó 5 metros provisto de cableado soldado para su conexión en ambos extremos (intentando evitar soldadura y conectores rápidos).
- Durabilidad de 50.000 horas
- Longitud máxima interconectable de 10 metros.
- No incluye fuente de alimentación, a elegir según el consumo en wattios y según la longitud en metros.
- Ángulo 120º.
- El modelo ADAM se caracteriza por más luminosidad, más homogeneidad de tonos lumínicos y una degradación del Led a las 50.000 horas del 10%.

Fuente de alimentación (no incluida):

elemento	wattios	medidas	referencia	SK	
fuelle alimentación	15	128x50x14	331.811.382	✓	1
fuelle alimentación	30	164x43x32	331.811.620	✓	1

Empalme*

Alimentación

Pieza empalme

IMPORTANTE:

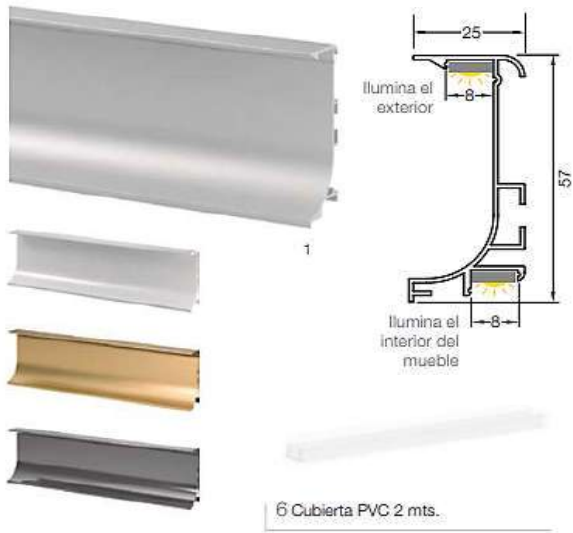

Los conectores rápidos no sirven para tiras Led con más de 80 Leds al disponer estas de muchos puntos de luz, en ese caso es imprescindible instalación mediante soldadura (tener en cuenta la polaridad)

Ejemplo de unión conector rápido (sin soldadura) + tira Led

21.01 tirador gola TOUCH para puertas

ALUMINIO/zamak

artículo	chromo mate	SK	
kit perfil 1 mt+2 bisagras	113.811.924		15
kit 1 perfil 3 mts+6 bisagras	113.811.854		15
bisagra suelta	113.811.865		1

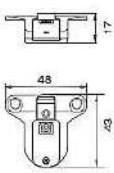

Permite instalación a todo el largo de la puerta o cajón, o a la medida que se desee. El perfil de aluminio satinado viene provisto de tratamiento para poderlo lacar al color de la puerta y permitir integrarlo al diseño necesario.

Este revolucionario producto permite embutir un perfil tirador con bisagra en cualquier cajón para mueble o puerta de armario corredera. Un estilizado perfil de tres metros en acabado chromo mate le permitirá, por ejemplo, instalar un perfil que abarque toda la altura de un armario corredero. Aunque si lo prefiere puede cortar dicho perfil e instalar su tirador TOUCH a la medida que desee.

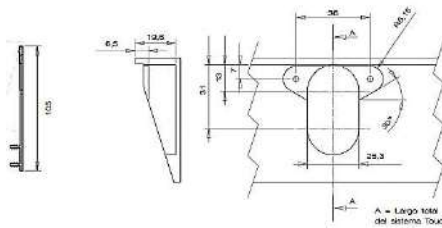

La personalización que ofrece el sistema TOUCH no se queda ahí, el perfil de aluminio satinado en acabado chromo mate viene provisto de un tratamiento para poderlo lacar al color de la puerta del mueble o el armario. Así podemos integrar el sistema TOUCH en cualquier tipo de diseño. Súbase al carro de la personalización, del minimalismo, del detalle y de la calidad con el sistema perfil TOUCH.
