### placa para para montar manillas

Sistema de muelle metálico independiente.

#### Importante:

Placa adecuada para montar todas las rosetas que no disponen de la misma referencia con placa larga. No precisa de unión entre placa y manilla, gracias al sistema de muelle que incorpora.

#### Importante

Modelo adecuado para montar con todas las rosetas que no disponen de la misma referencia con placa larga (montaje a cuenta del cliente).

| referencia  | medidas | acabado    | SK |   |
|-------------|---------|------------|----|---|
| 933.131.514 | 246x47  | cromo mate | ✓  | 1 |
| 933.131.536 | 246x47  | cromo br.  | ✓  | 1 |
| 933.131.540 | 246x47  | ef.inox    | ✓  | 1 |
| 933.131.392 | 8x65    | zincado    | ✓  | 1 |

Especialmente indicado para el montaje en puertas de entrada con manetas de roseta. El cuadradillo se expande apretando la tuerca, y vuelve a su posición original aflojándola.

Con la nueva Mirilla Digital, podrá sentirse más seguro en su hogar. Una Mirilla Digital de fácil instalación para reemplazar a la mirilla convencional sin trabajos adicionales y aportando mayor seguridad y comodidad a su vivienda. Se instala en perforación de 14mm de mirilla mecánica standard. Válida para diferentes grosores de puertas. De fácil instalación y utilización. Simplemente pulsando un botón podrá ver quien llama a su puerta.

### Especificaciones:

- Se instala en perforación de 14mm de mirilla mecánica standard
- 128 x 68 x 15mm
- Grosor de puerta 38-110mm
- Pantalla 3.2" LCD
- 76.800 pixels
- Pilas 2 pcs. AAA
- Angulo de visión de 105°

### Características:

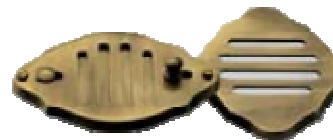

- Imagen diáfana en la pantalla
- Fácil de usar - simplemente pulse el botón
- Apagado automático después de 10 segundos
- Fácil de instalar
- no requiere herramientas
- Reemplaza una mirilla standard sin trabajo adicional
